

As part of our hallmark Learning Outside the Classroom program, we expose our students to a wide array of cultural experiences, everything from dance to live theatre, at several local venues.

We also host a number of cultural performances on our campus throughout the year. We offer these as a service to our community, so there is no charge for admission. All members and friends of the USL community (teachers, parents, prospective families, etc.) are invited to attend. We do ask that you please RSVP to us at the phone number below so we know to expect you (and space is limited).
